Wireframe Feedback

Hiii from Couch Potatoes :)

Thank you so much for participating in our feedback session
We greatly appreciate your honest and open review of our Series Tracking app

Please share your experience using our two wireframes:

Wireframe 1

[Wireframe1Link](#)

https://www.figma.com/proto/Ta1rTltOfiJCQP9yjJlY41/Series-Tracker-Wireframe-Prototype-1?
type=design&node-id=381-511&t=26IWQ5O72BbSPKhg-1&scaling=scale-down&page-
id=381%3A49&starting-point-node-id=381%3A511&show-proto-sidebar=1&mode=design

1 a) Is this design in Wireframe **1** intuitive? *
Please refer to Wireframe **ONE**

◉ Yes

○ No

○ Other: ....

1 b) Explain your choice from question 1a): *

What's required of me is easily found on the page

2. Explain which elements of Wireframe **1** could be improved on? *

Please refer to Wireframe **ONE**

What exactly am I signing up for? What is "couch potatoes"?

3. Are there any features that you wish were included in Wireframe **1**? *

Please refer to Wireframe **ONE**

Yes, a synopsis of what is going on would be helpful

4. Is the intention of the app made clear to you as the user. If so, would you consider the design a user friendly and comprehensive design for Wireframe **1**? *

Please refer to Wireframe **ONE**

No. The intention is not clear.

5. Would you use this app? Explain your answer *

No, I don't know what the app is for.

Wireframe 2

[Wireframe2Link](#)

https://www.figma.com/proto/GI9IxO5XqHQ6bpW33Vyu68/Series-Tracker-Wireframe-Prototype-2?
type=design&node-id=2007-3205&t=M6aBXKRL5SPJElP4-1&scaling=min-zoom&page-
id=2005%3A2427&starting-point-node-id=2007%3A3205&mode=design

1 a) Is this design in Wireframe **2** intuitive? *

Please refer to Wireframe **TWO**

○ Yes

◉ No

○ Other: ....

1 b) Explain your choice from question 1a): *

The face is too cluttered and the font size detracts from the page

2. Explain which elements of Wireframe **2** could be improved on? *

Please refer to Wireframe **TWO**

The font, layout, questions, all info not fitting onto one page

3. Are there any features that you wish were included in Wireframe **2**? *

Please refer to Wireframe **TWO**

Simplicity

4. Is the intention of the app made clear to you as the user. If so, would you consider the   *
design a user friendly and comprehensive design for Wireframe **2**?

Please refer to Wireframe **TWO**

No

5. Would you use this app? Explain your answer *

No, I don't know what the app is for

Pick a design:

After having reviewed both Wireframe 1 and Wireframe 2 please pick your preferred design and answer the last few questions on our Series Tracking app!

Thank you once again for your valuable input.

1. Which features are best implemented in **Wireframe 1**? *

Please refer to Wireframe **ONE**

Login details

2. Which features are best implemented in **Wireframe 2**? *

Please refer to Wireframe **TWO**

None

3. What are the most useless features in **Wireframe 1**? *

Please refer to Wireframe **ONE**

None

4. What are the most useless features in **Wireframe 2**? *

Please refer to Wireframe **TWO**

What if I've forgotten my username?

5 a) Which Wireframe did you like better? *

◉ Wireframe 1

◯ Wireframe 2

◯ Other: _____

5 b) Please explain your choice in question 5a: *

It's simpler

THANK YOU FOR YOUR RESPONSE

Your feedback has been most valuable!
We at Couch Potatoes would like to thank you for your time and contribution to our 3rd Year App Project.

Yours truly, Couch Potatoes
Much gratitude!

Wireframe Feedback

Hiii from Couch Potatoes :)

Thank you so much for participating in our feedback session
We greatly appreciate your honest and open review of our Series Tracking app

Please share your experience using our two wireframes:

Wireframe 1

[Wireframe1Link](#)

https://www.figma.com/proto/Ta1rTItOfiJCQP9yjJlY41/Series-Tracker-Wireframe-Prototype-1?
type=design&node-id=381-511&t=26IWQ5O72BbSPKhg-1&scaling=scale-down&page-
id=381%3A49&starting-point-node-id=381%3A511&show-proto-sidebar=1&mode=design

1 a) Is this design in Wireframe **1** intuitive? *
Please refer to Wireframe **ONE**

- ⦿ Yes
- ○ No
- ○ Other: ....

1 b) Explain your choice from question 1a): *

Labels and the user flow is clear, it's easy to find what you're looking for

2. Explain which elements of Wireframe **1** could be improved on? *
Please refer to Wireframe **ONE**

When I opened the playlist, I expected it each series to be clickable. Playlists usually allow you to play
things from the list. It's not useful if I can only view it

3. Are there any features that you wish were included in Wireframe **1**? *

Please refer to Wireframe **ONE**

No

4. Is the intention of the app made clear to you as the user. If so, would you consider the   *
design a user friendly and comprehensive design for Wireframe **1**?

Please refer to Wireframe **ONE**

Yes a lot of it is clear. However "Top 10" isn't. Maybe "Most Watched" or "Top Rated" would be clearer.

5. Would you use this app? Explain your answer *

Yes I would, it would make it easy to see and watch the show I want to without having to go through much trouble of finding it.

Wireframe 2

[Wireframe2Link](#)

https://www.figma.com/proto/GI9IxO5XqHQ6bpW33Vyu68/Series-Tracker-Wireframe-Prototype-2?
type=design&node-id=2007-3205&t=M6aBXKRL5SPJElP4-1&scaling=min-zoom&page-
id=2005%3A2427&starting-point-node-id=2007%3A3205&mode=design

1 a) Is this design in Wireframe **2** intuitive? *

Please refer to Wireframe **TWO**

◉ Yes

○ No

○ Other: ....

1 b) Explain your choice from question 1a): *

Labels and the user flow is clear, it's easy to find what you're looking for

2. Explain which elements of Wireframe **2** could be improved on? *
Please refer to Wireframe **TWO**

I don't think having the currently watching in the profile tab is good idea. If the purpose of the app is to track the shows you watching, it should be the first thing I see on the home screen.

I think a splash screen with the logo or name of the app would be useful as it is unclear what the app is when logging in

I'm not sure if the welcome back page shows useful information

However I think the design for the home screen could use some work

3. Are there any features that you wish were included in Wireframe **2**? *
Please refer to Wireframe **TWO**

No

4. Is the intention of the app made clear to you as the user. If so, would you consider the   *
design a user friendly and comprehensive design for Wireframe **2**?
Please refer to Wireframe **TWO**

It is, but as mentioned before the currently watching would be useful on the home screen

5. Would you use this app? Explain your answer *

Yes I would

I like that the shows in the playlists are clickable

Pick a design:

After having reviewed both Wireframe 1 and Wireframe 2 please pick your preferred design and answer the last few questions on our Series Tracking app!

Thank you once again for your valuable input.

1. Which features are best implemented in **Wireframe 1**? *

Please refer to Wireframe **ONE**

The profile page, community page

I like the the way the chat feature is implemented

I like the home screen, it's appealing to the eye and shows me everything i want to see

2. Which features are best implemented in **Wireframe 2**? *

Please refer to Wireframe **TWO**

The playlist feature, I definitely think it's useful and well designed

The profile screen, however I do think the currently watching should be moved

The login screen has other login options which I like

3. What are the most useless features in **Wireframe 1**? *

Please refer to Wireframe **ONE**

The playlist feature, it doesn't really do much if it isn't clickable

4. What are the most useless features in **Wireframe 2**? *

Please refer to Wireframe **TWO**

I would say the welcome back page

5 a) Which Wireframe did you like better? *

⦿ Wireframe 1

◯ Wireframe 2

◯ Other: _____

5 b) Please explain your choice in question 5a: *

The the design it really good, it's nice to look at and the flow is smooth.

I think adding the playlist from wireframe 2 would make it much better

I like the login screen but maybe the features from like login with google could be nice to see.

It's easy to know what the app does

THANK YOU FOR YOUR RESPONSE

Your feedback has been most valuable!

Thank you so much for participating in our feedback session
We greatly appreciate your honest and open review of our Series Tracking app

Please share your experience using our two wireframes:

Wireframe 1

[Wireframe1Link](#)

https://www.figma.com/proto/Ta1rTItOfiJCQP9yjJlY41/Series-Tracker-Wireframe-Prototype-1?
type=design&node-id=381-511&t=26IWQ5O72BbSPKhg-1&scaling=scale-down&page-
id=381%3A49&starting-point-node-id=381%3A511&show-proto-sidebar=1&mode=design

1 a) Is this design in Wireframe **1** intuitive? *

Please refer to Wireframe **ONE**

- ⦿ Yes
- ◯ No
- ◯ Other: _____

1 b) Explain your choice from question 1a): *

The buttons are adequately spaced and visible. They are easily identifiable and they do what they're
meant to do.

2. Explain which elements of Wireframe **1** could be improved on? *

Please refer to Wireframe **ONE**

The addition of a the app logo above the "Welcome to Couch Potatoes" tagline. It would make it easier to know what app you are in at first glance before reading the tagline.

3. Are there any features that you wish were included in Wireframe **1**? *

Please refer to Wireframe **ONE**

Wireframe 1 has the relevant and important features for a welcome and login page. Additional features would be beyond the log in page

4. Is the intention of the app made clear to you as the user. If so, would you consider the design a user friendly and comprehensive design for Wireframe **1**? *

Please refer to Wireframe **ONE**

It is made clear what it is and what it does, it has a very user friendly and comprehensive designing, blending intuitiveness and ease of use.

5. Would you use this app? Explain your answer *

Yes! It's properly built, the user experience is pleasant and the design is captivating.

Wireframe 2

[Wireframe2Link](#)

https://www.figma.com/proto/GI9IxO5XqHQ6bpW33Vyu68/Series-Tracker-Wireframe-Prototype-2?
type=design&node-id=2007-3205&t=M6aBXKRL5SPJElP4-1&scaling=min-zoom&page-
id=2005%3A2427&starting-point-node-id=2007%3A3205&mode=design

1 a) Is this design in Wireframe **2** intuitive? *

Please refer to Wireframe **TWO**

- ⦿ Yes
- ◯ No
- ◯ Other: ....

1 b) Explain your choice from question 1a): *

The username and email button as well as the different options to login are adequately large, legible and they do what they need to do.

2. Explain which elements of Wireframe **2** could be improved on? *

Please refer to Wireframe **TWO**

The login button should be more centred. The writing of "Log In" to be one word, "Login"

3. Are there any features that you wish were included in Wireframe **2**? *

Please refer to Wireframe **TWO**

The features are adequate for Wireframe 2, no additional features are needed.

4. Is the intention of the app made clear to you as the user. If so, would you consider the   *
design a user friendly and comprehensive design for Wireframe **2**?

Please refer to Wireframe **TWO**

The intention is made clear.Filling in your username or email and password for you to login. It is comprehensive and user friendly in this aspect.

5. Would you use this app? Explain your answer *

Yes I would.

Pick a design:

After having reviewed both Wireframe 1 and Wireframe 2 please pick your preferred design and answer the last few questions on our Series Tracking app!

Thank you once again for your valuable input.

1. Which features are best implemented in **Wireframe 1**? *

Please refer to Wireframe **ONE**

Login and sign up options are the main focus points. They implemented very well in Wireframe 1.

2. Which features are best implemented in **Wireframe 2**? *

Please refer to Wireframe **TWO**

The multiple options to login with different apps. It adds variety.

3. What are the most useless features in **Wireframe 1**? *

Please refer to Wireframe **ONE**

None

4. What are the most useless features in **Wireframe 2**? *

Please refer to Wireframe **TWO**

None

5 a) Which Wireframe did you like better? *

○ Wireframe 1

○ Wireframe 2

○ Other: _____

5 b) Please explain your choice in question 5a: *

The landing page is clean, intuitive and captivating. It's user friendly and lovely to look at.

Wireframe 1

Wireframe1Link

https://www.figma.com/proto/Ta1rTltOfiJCQP9yjJlY41/Series-Tracker-Wireframe-Prototype-1?
type=design&node-id=381-511&t=26IWQ5O72BbSPKhg-1&scaling=scale-down&page-
id=381%3A49&starting-point-node-id=381%3A511&show-proto-sidebar=1&mode=design

1 a) Is this design in Wireframe **1** intuitive? *
Please refer to Wireframe **ONE**

- ◉ Yes
- ◯ No
- ◯ Other: _____

1 b) Explain your choice from question 1a): *

To an extent, since the program relies on integration into other applications, a tutorial should be included
at the start when signing up, to elaborate on how to make use of the app's functions. Otherwise there are
enough predictive fields within the app to make it intuitive.

2. Explain which elements of Wireframe **1** could be improved on? *

Please refer to Wireframe **ONE**

Reduce number of screens, provide a skippable tutorial at the start of creating an account to allow users to understand the functions of the app.

3. Are there any features that you wish were included in Wireframe **1**? *

Please refer to Wireframe **ONE**

No

4. Is the intention of the app made clear to you as the user. If so, would you consider the   *
design a user friendly and comprehensive design for Wireframe **1**?

Please refer to Wireframe **ONE**

The app is user friendly, however tutorial would be beneficial

5. Would you use this app? Explain your answer *

Yes, it is w good way of socializing the series watching experience, similiar to other entertainment providing apps like Spotify etc.

Wireframe 2

[Wireframe2Link](#)

https://www.figma.com/proto/GI9IxO5XqHQ6bpW33Vyu68/Series-Tracker-Wireframe-Prototype-2?
type=design&node-id=2007-3205&t=M6aBXKRL5SPJElP4-1&scaling=min-zoom&page-
id=2005%3A2427&starting-point-node-id=2007%3A3205&mode=design

1 a) Is this design in Wireframe 2 intuitive? *

Please refer to Wireframe **TWO**

◉ Yes

◯ No

◯ Other: _____

1 b) Explain your choice from question 1a): *

Same answer to wireframe 1, tutorial would be beneficial

2. Explain which elements of Wireframe 2 could be improved on? *

Please refer to Wireframe **TWO**

Screens after sign-in are excessive, not that much information should be required to finetune a users preferences considering the wide range of series that are displayed on the home screen.

3. Are there any features that you wish were included in Wireframe 2? *

Please refer to Wireframe **TWO**

No

4. Is the intention of the app made clear to you as the user. If so, would you consider the *
design a user friendly and comprehensive design for Wireframe **2**?

Please refer to Wireframe **TWO**

Yes, user friendliness could improve, design is comprehensive

5. Would you use this app? Explain your answer *

Yes, good way of tracking series

Pick a design:

After having reviewed both Wireframe 1 and Wireframe 2 please pick your preferred design and answer the last few questions on our Series Tracking app!

Thank you once again for your valuable input.

1. Which features are best implemented in **Wireframe 1**? *

Please refer to Wireframe **ONE**

Home screen, easily navigated and user friendly

2. Which features are best implemented in **Wireframe 2**? *

Please refer to Wireframe **TWO**

Watch Parties

3. What are the most useless features in **Wireframe 1**? *

Please refer to Wireframe **ONE**

'Pick up to 5 series you would like to watch'

4. What are the most useless features in **Wireframe 2**? *

Please refer to Wireframe **TWO**

Not entirely useless, some aspects of 'Let's build your profile'

5 a) Which Wireframe did you like better? *

◉ Wireframe 1

○ Wireframe 2

○ Other: _____

5 b) Please explain your choice in question 5a: *

Easier to navigate, less redundant screens
