A "back" button would be very helpful to navigate through the app. A genre filter would be good as well.

Please provide any suggestions or comments you have for improving the Series Tracking   *
App.

A back button instead of having to open the menu screen all the time
The settings tab on the home screen should be the watch party option instead
On the discover page you have add series maybe change it add to playlist
An unfollow and follow option is missing on the community screen

The app overall is very good! Very intuitive, easy to use and visually and aesthetically pleasing. Minor
additions like a "back" button and "Watch Party" in the home would be greatly beneficial.

Incorporate a rating system, stable dark mode and a back button feature and fix selection issue, the app
will be so much better and enjoyable
